make it easier for customers to purchase the car of their dreams. The company also launched a website and social media presence to increase its online visibility and engage with customers.

2021 - By its third year, AutoExpress Car Dealership had established a reputation as a trusted source for quality vehicles and outstanding service. The company expanded its reach by opening a second location in a neighboring city, and introduced new services such as on-site maintenance and repairs, detailing, and car rentals.

2022 - In its fourth year of operation, AutoExpress Car Dealership continued to innovate and adapt to meet the changing needs of its customers. The company launched a mobile app that allowed customers to browse inventory, schedule service appointments, and receive real-time updates on their vehicle status. The company also partnered with local charities and non-profits to give back to the community and build strong relationships with its neighbors.

FORTUNER highlights

Toyota has confirmed the waiting period for the Fortuner currently ranges between 6-10 weeks, even with its production plant working at 95 per cent of its capacity. Click here for more details. Toyota recently launched the TRD Sportivo version of the Fortuner at an asking price of Rs 31.01 lakh (ex-showroom Delhi). It is based on the 2.8L 4x2 AT variant from the standard lot but gets a host of cosmetic updates. The list includes racy front and rear bumpers, TRD radiator grille, TRD lower grille cover, TRD-marked red and black decals, 18-inch TRD alloy wheels, TRD Sportivo badge at the rear and red stitch accents on the interior trim. The only body colour it is available in is pearl white. Toyota Fortuner prices have increased by up to Rs 1,60,000 with the government increasing cess over GST. The Fortuner is offered in six variants, encompassing two engine options, two transmissions and two drive types. The petrol Fortuner is a 4x2 only, with the 2.7-litre engine being paired with a 5-speed manual or an optional 6-speed automatic. Diesel duties are being carried out by the 2.8-litre motor. This engine gets a choice of a 6-speed manual or a 6-speed automatic, and is made available with four-wheel drive as well.

Conclusion: - In conclusion, the designed IWT+ DBMS project can benefit an Car Showroom in various ways by providing a centralized and efficient system to manage different Cars and Booking. The project includes 7 tables with unique fields and relationships to other tables. The system can generate reports and analyses to help the Showroom Admin to make decisions, ordering the new Cars, improve communication and coordination among different departments and Customer, and increase the efficiency and accuracy of day-to-day operations.
